

Deconstructed Self-Portrait

Student: Andy Lienhard

District: Cheney Public Schools

School: Cheney High School

Instructor: Jessa Morissey

Medium: Digital Photography

Artist Statement

During the time of creating this photograph, I was dealing with a concussion. This time in my life felt confusing and frustrating. I created this self-portrait to describe how I was feeling in a visual way, and I think it did a great job of representing how my mind felt during this time in my life.
