Artist Statement

Competition is the best way to push yourself. Winning can be a personal value and push you to be a better person because of the motivation it takes to perform. It can also be something that puts a lot of pressure on the competitor and pulls at you and causes stress and tension in the competitor. Competition is a balancing act for the individual just as much as it is for the two teams and individuals competing. This photo illustrates the tension and beauty of the push and pull.
