

Monkey Business

Student: Dayne Palacios
District: Cheney Public Schools
School: Cheney High School
Instructor: Rebecca Dempsey

Medium: Ceramic Earthenware Clay

Artist Statement

I created a sitting monkey using Naraja Earthenware Clay. It took quite a long time to get this monkey like I wanted. I was thinking of my mom when constructing this monkey because she loves them. The monkey is made by sculpting and then hollowing. It is her favorite animal. I tried to capture a monkey as best I could by examining and studying them. I love how it turned out and am proud of myself for sticking with it.

Status: Exhibit only
