

Untitled

Student: Karmyn Downey
District: Colville School District
School: Colville High School
Instructor: Tracey Delyea

Medium: Grafite on Paper

Artist Statement

For my piece, I chose to work with just a pencil. I enjoy working with pencils, I feel that color can ruin a lot and it's hard to control. I don't have a lot of experience with art at all, in fact I'm only in my art class because it was the only class I could get into. My parents did not want me to have a free period so I got into an art class, and I'm glad, I really enjoy being here. I have found that you can do a lot with just a pencil. The only hard part about using only a pencil is it would always smudge. I had to work hard to not touch the parts I just finished because fixing smudges is quite difficult.

Status: Exhibit only
