**Medium:** Graphite on Paper, and Water Colors

### **Artist Statement**

I am gay and drawing is how I deal with my daily life. If I'm going through a darker time then my drawings end up being darker. This particular art piece is a self portrait of me and the background resembles my head space when I'm drawing. The green resembles freshness, growth and balance. The mushrooms to me are just lucky charms. The butterflies; my journey with self harm.

Jonah Brown, Colville High School , Class of 2025
